A screenshot of a web browser showing the AWS password reset interface. The title bar reads 'Amazon Web Services Password' and the URL is 'https://signin.aws.amazon.com'. The main content area features the AWS logo at the top, followed by a 'Reset password' form. The form contains two input fields: 'New password' and 'Confirm new password', both with placeholder text 'Enter password here'. Below the fields is a large blue 'Submit' button. At the bottom of the page, there is a section titled 'About Amazon.com Sign In' with a detailed description of how Amazon Web Services uses information from Amazon.com accounts. At the very bottom, there is a copyright notice for 2018 and links to 'Terms of Use', 'Privacy Policy', and 'AWS Customer Agreement'. A language selection dropdown shows 'English'.
